COMING!!**

# Re-Imagining Learning for Employment & Productivity

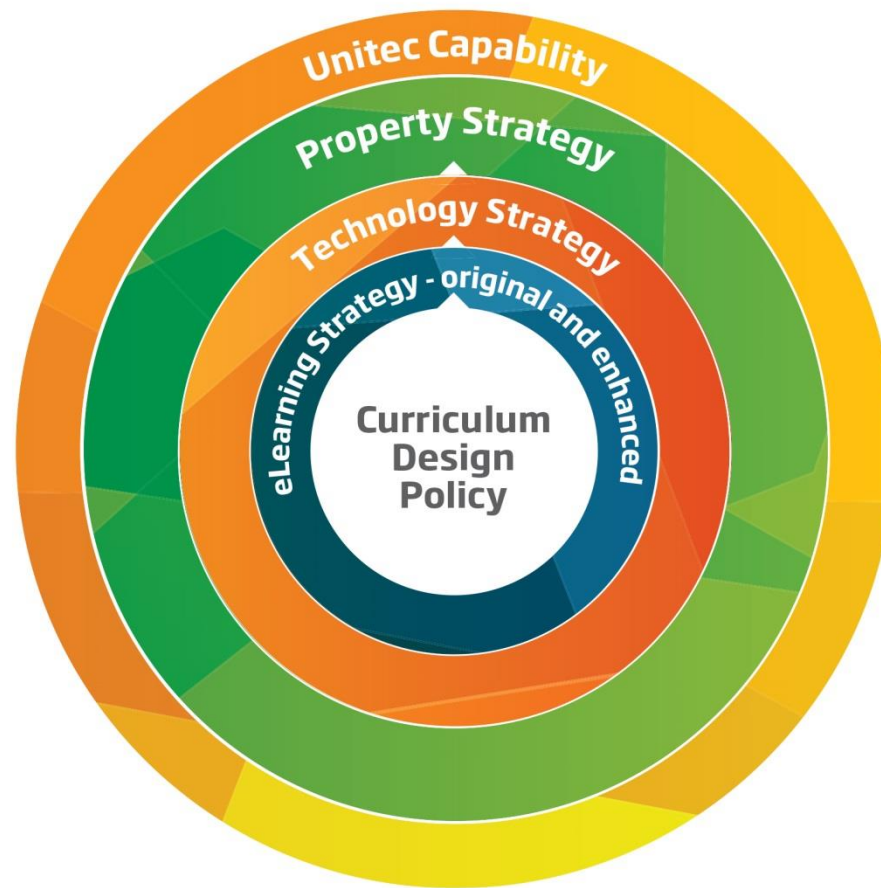

*“Unitec is inexorably on a pathway to rethink and redesign its future, to challenge a number of conventions of how an ‘academic’ organisation should be configured to be relevant for the 21<sup>st</sup> century, and to transform the outcomes achievable for learners and business.*

*We describe this future as Unitec 3.0”*

# Enablers

of Highly Productive Talent

# LEARNING AND TEACHING

- Living Curriculum – 4 years in
- eLearning strategy – 3 years in
  - departmental champions
  - strong platform of capability
- Great Wave in 2013

# ENVISIONING THE FUTURE – LEARNING AND TEACHING ENHANCED

## **Guiding Principles**

- Curriculum development is consistent with the requirements of key Unitec strategies including the Curriculum Design Policy, Technology Strategy, Property Plan and Timetable Procedures
- Specified standards and benchmarks underpin curriculum, teacher capability and user experience

# ENVISIONING THE FUTURE – LEARNING AND TEACHING ENHANCED

- An environment of 'innovative deviance' is promoted and celebrated (i.e. innovative and creative practice that expands on benchmarks and enhances student learning)
- Learner engagement and success is the primary purpose and expected outcome and thus learner-generated material and processes are included in curriculum, learning and teaching

# STRATEGIC GOALS AND STRANDS

- Curriculum Development
- Staff Capability
- Learner Engagement and Success
- Technology Support

# **Unitec Technology Strategy**

How Technology can help support  
the future of Teaching and  
Learning @ Unitec

# THE 2014 UPDATE TO THE HIERARCHY OF NEEDS.

# TECHNOLOGY IS UBIQUITOUS

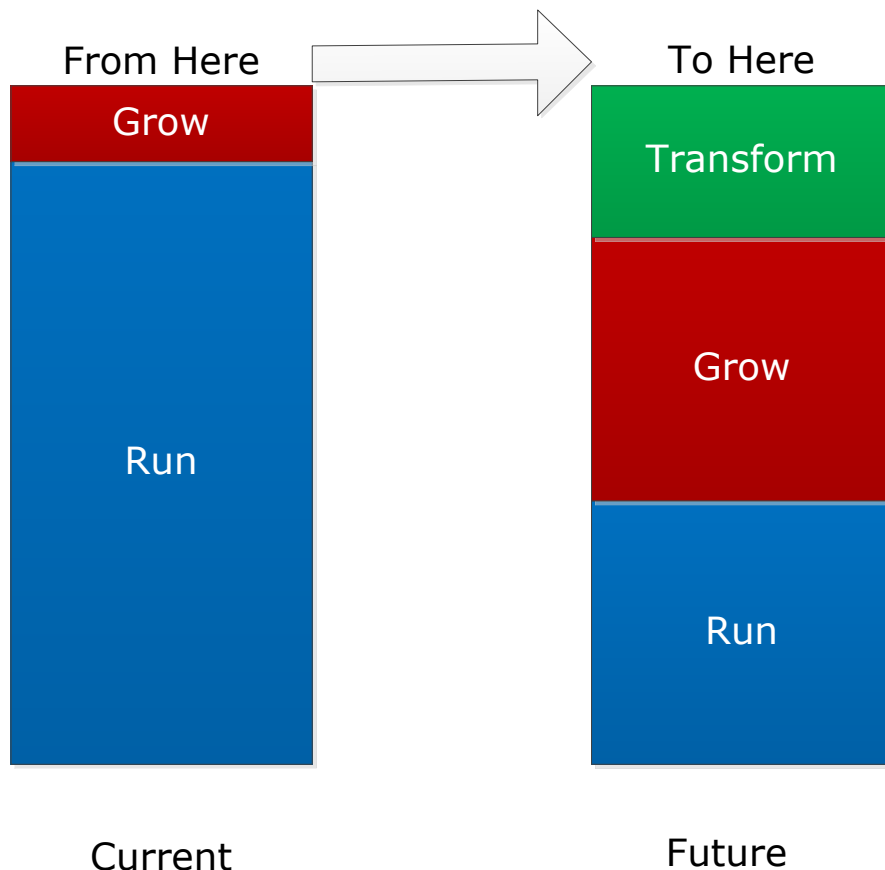

# LOOKING AHEAD TECHNOLOGY IN UNITEC 3.0

- **Collaborative learning capabilities** to enable blended teaching styles through the development a social networks between students, staff and communities.
- **Real time dashboards and reporting** help support decision making for more agile and responsive outcomes.
- Simple, user configurable, **access to Unitec's information and technology** across all devices and platforms from **anywhere at anytime.**
- **Improved staff productivity** through automated business processes and self service capabilities

# RUN GROW TRANSFORM

- Shift technology investment from running to growing and transforming
- Provide a consistent experience when engaging with Unitec technology and information
- Break down information silos by providing enterprise search "Unitec's Google"
- Transition paper based processes to automated workflow
- Enable plug and play for IT Services with other institutions and partners

# COMING IN 2014

- Operating system upgrade from Windows XP to Windows 7
- Consolidate our email services (aka – get rid of Groupwise)
- Increase growth of wireless networking capability
- Enable staff and students to work on their own devices (BYOD)
- Improved reporting on real time performance and Learning analytics

# **Unitec Property Strategy**

How property can help support  
the future of Learning and  
Teaching @ Unitec

# PROPERTY STRATEGY

"NEW LEARNING SPACES, NEW LEARNING PLACES AND NEW LEARNING ECONOMICS...."

- Remove the shackles imposed by the property portfolio, including the :
  - Land use restrictions
  - Heritage and earthquake prone building liabilities
  - Physical limitations
  - Perception of decay

# PROPERTY STRATEGY

"NEW LEARNING SPACES, NEW LEARNING PLACES AND NEW LEARNING ECONOMICS...."

Contribute to teaching & learning by:

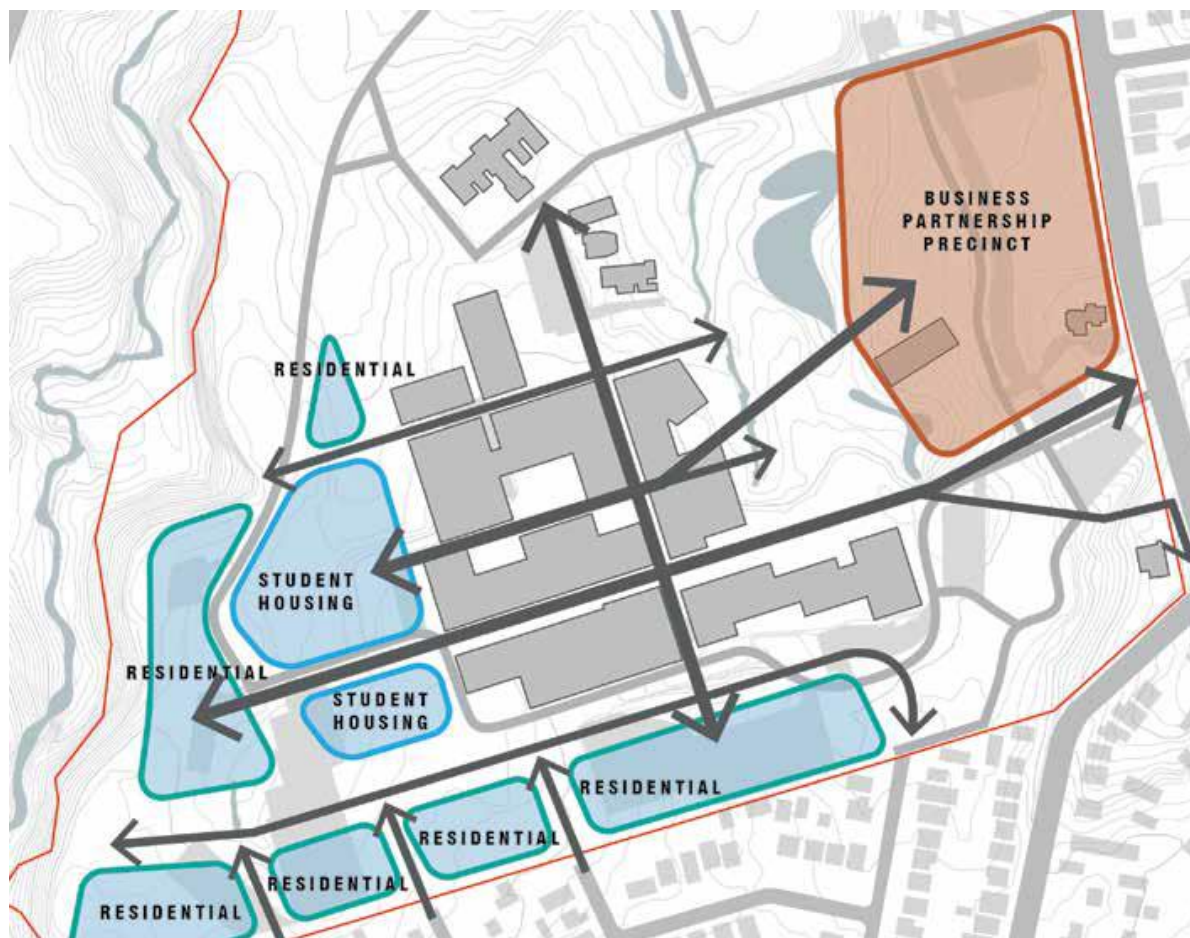

- Enable new Learning Models
- Respond to customer needs and growth
- Inspire students and staff

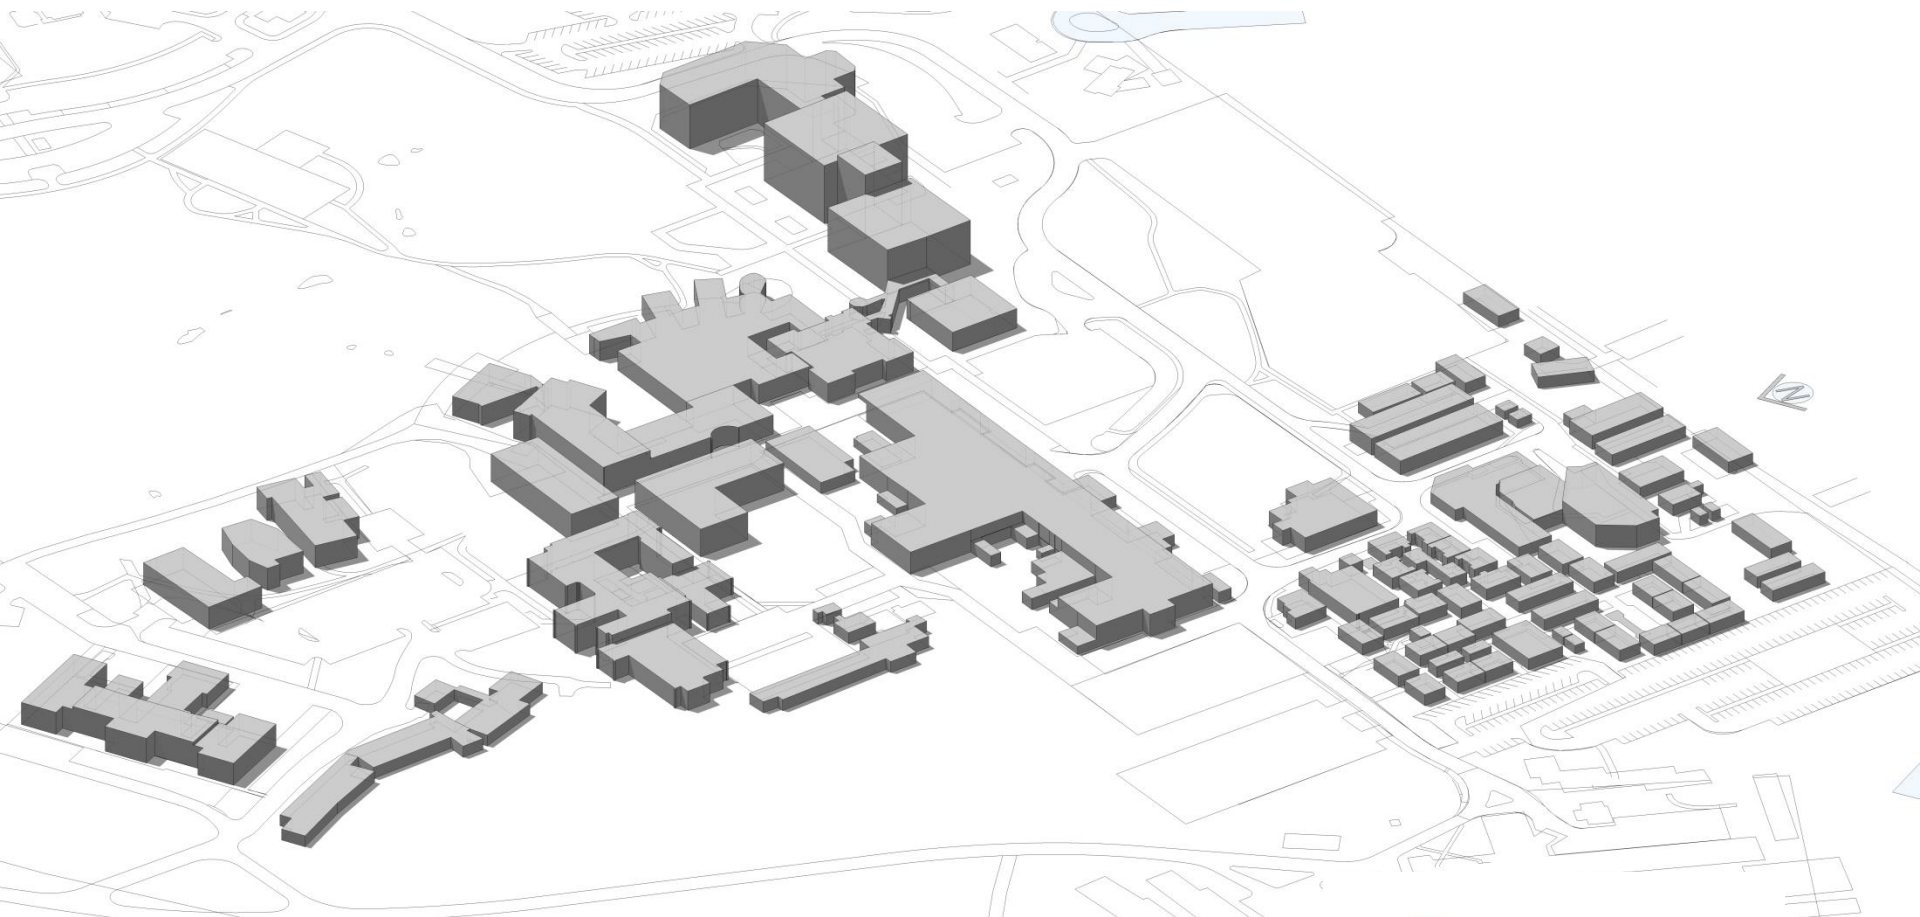

# WAIRAKA URBAN VILLAGE

# "NEW LEARNING SPACES, NEW LEARNING PLACES AND NEW LEARNING ECONOMICS...."

- Responding to the Great Wave
  - the opportunities
  - the reality – our need to survive
- Wairaka Urban Village
  - Facilitate a quality learning experience
  - a social heart, a place to collaborate
  - amenities and services
  - Integrated jobs
  - An attractive place to live
  - 24/7 availability
- Future Growth
  - Accommodated through
    - innovations in teaching pedagogies
    - application of new technologies or
    - by pushing the conventional boundaries of time and use (student survey)

# SPACE EXPLORATION!

We have three kinds of spaces to consider:

1. Learning and Teaching spaces
2. Office/working spaces
3. Learning commons (social space)
