Recommendation

That Academic Board approves the following correction to the New Zealand Diploma in Engineering graduand list that was approved by Academic Board Standing Committee on 20-22 February 2018.

- ***The removal of student ID 1365611 as eligible to graduate with the New Zealand Diploma in Engineering.***

Rationale

Student ID1365611 was approved to graduate by the Academic Board Standing Committee. It has since been discovered that the student was short 15 credits and should not have been approved to graduate. A number of failures of process led to the student being issued with a Certificate for the Qualification for which they were not eligible. The Dean and HoPP are working with the student to ensure the student is able to complete the requirements of the qualification.

An independent enquiry undertaken by Te Korowai Kahurangi is currently being completed and a full analysis of the issues surrounding this; the identification of a number of system failures; and recommendations for correction will be brought to the next Academic Board for noting.
