

# Our Team Diamond – Student Success

**Success of all students with a focus on these priority groups**  
***Māori, Pacific, Under 25, International and commitment to the communities we serve***  
***(West, Central & North Auckland)***

Growing collaborative relationships across Unitec to enable students to develop a range of relevant and desirable skills that supporting transition into workforce/further study/communities, locally and globally.

## **A financially sustainable business to invest in the future**

Ensuring our inclusive practices are; culturally, economically, socially, and environmentally sustainable whilst being resourceful in our daily practices including partnering with stakeholders to review financial priorities and building confidence in our performance.

## **Quality learning, teaching and applied research to develop work-ready graduates and lifelong learners**

Easing transition into tertiary through effective orientation and ensuring retention and success through accessible support in the development of tools and skills relevant to life-long learners.

## **Engaged and inspired staff, equipped with the capabilities to support and deliver best learning**

An effective team with a balanced focus collaboratively towards cross functional PD opportunities and engagement who actively share and celebrate individual and group contributions to our communities, including collaborative networking and benchmarking across ITP sector and communities.
