Commentary

Please find attached, three items:

1. A memo from me as Director Ako to ELT and the Commissioner on 23 August providing an update on the AQAP work
2. Our monthly 'AQAP Tracker' for distribution to all Unitec staff
3. Our (new) monthly 'AQAP Project Plan' providing a full list of actions, timeframes, responsibilities, progress, etc. NB: this is our first full Project Plan for distribution and we are refining this still, and happy to receive feedback.
