Recommendations

That Te Poari Mātauranga | Academic Board receive the update on Programme Development.

Purpose

The purpose of this report is to provide Te Poari Mātauranga | Academic Board with an update on current programme development and to decide on submissions as presented for external accreditation and approval.

Commentary

The report provides a high level overview of all programmes currently under development. The majority of the programmes under development are as a result of undergoing a review.

Te Korowai Kahurangi have recently been approached by the Bachelor of Design and Creative Arts who have initiated discussions for development.

While it is not clear at this stage whether Executive approval has been granted for (most of) these developments, there are two significant developments proceeding to the Academic Approvals Committee for endorsement at the September 2019 meeting. They are the New Zealand Certificate in Career and Study Preparation (L4) and the New Zealand Diploma in Cyber Security. The Academic Approvals Committee have endorsed these and submitted them to the Te Poari Mātauranga | Academic Board for a final decision.
