

Programme Regulations Guidance December 2019

Schedule #: Hōtaka Whakarerekē O Ngā Āhuatanga Ako | Modified Programmes of Study

<A modified programme of study may be created to allow a specific group of students under a specific circumstance to meet the graduate profile and achieve the award of the qualification by undertaking a different set of courses from the standard ones noted above. Modified programmes of study which are designed specifically for transitioning students from old qualifications to new qualifications should be noted here, or if there are a large number, in a schedule at the end of these regulations>

PASA7224	Dance Practice 3B	45
PASA7243	Digital Dance	15

- c. Students will be granted the remaining 60 credits upon successful completion their final research project (level 7, 60 credits) of the Bachelor of Arts (BDA) Creative Performance Pathway at the Beijing Dance Academy..

Schedule #: Additional Transfer Arrangements from Other Programmes or Courses

<Where courses from another programme (New Zealand or Internationally recognised qualification) can be automatically credited against courses in this programme, then transfer arrangements may be established to streamline the administrative process. Articulation arrangements and rules for New Zealand qualifications must be created and approved by the Relevant Academic Authority. International articulation agreements must be entered into with the International Education Organisation and must include evidence of the mapping of courses and outcomes and must be formally approved via a contract>

A. Transfer from NZ Diploma programmes

For graduates of the Level 6 NZ Diploma in Construction (Construction Management and Quantity Surveying) or the NZ Diploma in Architectural Technology the following entry pathways will be available.

- a. For a completed Diploma, in the discipline of a BCons major, a student will be given 210 credits and entry to the programme at a point appropriate to their chosen major.
- b. For a completed Diploma, in the discipline of a BCons major and completed with above average academic performance, a student will be given 210 credits, plus the opportunity to gain 30 credits via two 15-credit courses (CONS6601 Transition Studies 1 and CONS6602 Transition

Programme Regulations Guidance December 2019

- Studies 2). These 30 credits must be achieved before entry to the third year of the degree.
- c. For a completed Diploma, together with significant and appropriate industry experience, a student will be given 240 credits and entry to the third year of the degree.

Transition from other Level 6 diploma programmes in construction and infrastructure areas require a similar pattern of credits on a discretionary basis. In assessing whether to grant discretionary admission the primary focus will be on the applicant's level of preparedness for study at the required level.

B. Progression from [Name of Institution] [Name of Programme]

Graduates of the [Name of Institution] [Name of Programme] may be awarded the following specified and unspecified cross-credits:

Table B1: Courses mapped to demonstrate equivalence for cross crediting

Courses from [Name of programme]			Unitec Courses		
Course No.	Course Name	Credits	Course No.	Course Name	Credits
	Total Credits			Total Credits	

Students transferring may commence their study at the commencement of Semester 1, OR Semester 2.

Students must successfully complete courses set out in the tables below:
