Recommendations

That Te Komiti Whakamana Hotaka Hou receive this Programme Development Report.

Purpose

The purpose of this report is to provide Te Komiti Hotaka Hou with an update on current programme development and to decide on submissions as presented for external accreditation and approval.

Commentary

The report provides a high level overview of all programmes currently under development. The majority of the programmes under development are as a result of undergoing a review. Any Type 2 developments resulting in change from a review were submitted to NZQA and, we are now waiting for two outstanding approvals. This has directly impacted on Semester 1 2020 delivery. It is important to note that NZQA were back on the 6th of January and our three week compulsory close down at Unitec coupled with extended leave provided prolonged responses to the NZQA requests for further information.
