
To	Te Poari Whai Kounga Quality Alignment Board	From	Steve Marshall Lead, Quality Partnering
Title	Programme Academic Quality Committee Chairs and Membership	Date	12 March 2020

Purpose

To provide information to Te Poari Whai Kounga | Quality Alignment Board on progress of establishing Programme Academic Quality Committees (PAQCs) for 2020

Key Points

Academic Board initiated a review of PAQCs in July 2019 as part of its approach to continuous improvement which seeks to review, reform and improve academic governance practices at Unitec. PAQCs are recognised as having a critical role in the governance of the programmes and courses for which they are responsible.

PAQCs were reconstituted for 2020 under the revised terms of reference with the new membership and timelines. This memo provides key information for each PAQC as provided in PAQC Information Data Sheets including the revised membership, Chairs and meeting dates.

Information

Guided support for PAQCs has begun with 'in meeting' support provided by Te Korowai Kahurangi that focuses on the governance aspects of the committee work
