Subject	Learning & Teaching Strategy Draft	Date	22 May 2020

Recommendation

That the Committee consider this draft of the Learning & Teaching Strategy and provide feedback (or) approve the Strategy.

Background

Earlier drafts of this strategy were presented to Ako Ahimura in late 2019.

This strategy is now being presented alongside Te Tipare for the committee's consideration and feedback or approval.

The format and approach taken in this strategy mirrors that taken in other current strategies, i.e. it is treated as a sub-strategy of *Manaakitia Te Rito*, it is a short document and focused on actionable goals.
