
To	Heads of School Academic Programme Managers	From	Maura Kempin, Chair, Ako Ahimura / Learning & Teaching Committee
Title	Course Survey Results, Sem 1, 2020	Date	2020/ 08/ 28

Purpose

In relation to Course Survey results for semester 1/2020, to request that Heads of School, and/or Academic Programme Managers:

1. Consider how best to recognise and share good practice from programmes/courses achieving excellent evaluations
2. Oversee the development and implementation of action plans for improvement for any course achieving a score of five or less (except where this is due to an anomaly or once-off set of circumstances) and to ensure that these action plans and progress on outcomes are reported in Course Evaluation Plans (CEP) and Programme Evaluation Plans (PEP) for 2020 (Interim and End-of-Year).

Background

Each semester we ask our students to provide feedback on course structure, content, assessment, teaching and practical components (if applicable) via an online survey.

Reporting is delivered at three levels:

1. Institutional Summary Report
2. Student Survey Course Dashboard
3. Course/ Class Reports

The institutional summary report, [linked here](#), was tabled at the Ako Ahimura / Learning & Teaching Committee of 26 August. The Committee acknowledged and celebrated our highest-ever rating of 8.1 out of 10, a remarkable achievement given Covid-19 and campus closure. The Committee recommended that action plans for improvement should be developed and implemented for any courses receiving a rating of 5 or less (except in exceptional circumstances), seeking support where needed from institutional support services.
