
To	Te Poari Mātauranga Academic Board	From	Simon Nash, Executive Director Ako
Title	EER Self-Assessment Summary 2020	Date	1 September 2020

Recommendation/s

That Academic Board approve the EER Self-Assessment Summary 2020, subject to any final minor revisions and formatting.

Background

The EER Self-Assessment Summary presented to Academic Board is a full final draft. It is due to be submitted on Friday 4th September to the EER Evaluator.

Due to the short timeframe, Academic Board are being asked to approve this document, subject to any final tweaks. Final formatting is yet to be done, including some additional images and improved copies of some graphs and tables.

While it is not ideal for Academic Board to be approving this document when still subject to minor changes, this is what deadlines now dictate. My assurances are:

- Feedback on the immediate prior draft has been requested, received and incorporated from members of Academic Board, ELT, Heads of Schools, staff of Te Korowai Kahurangi and the Communications team.
- Extensive, detailed feedback has been received and incorporated from our consultant Judith Brown who led our last Internal Evaluation and Review.
- No further changes will be made that will substantively alter the meaning of the document, unless requested by Academic Board or ELT.

My request to Academic Board is to only ask for important changes at this late stage, and given the prior opportunities for feedback that have been provided.

Next steps

The Self-Assessment Summary 2020 will be finalised and sent to the EER Lead Evaluator on Friday 4th September.

Subject to ELT approval, a copy of the document and all appended documents will be provided to the Unitec Board, all Unitec staff and all stakeholders participating in the October EER.
