That the Board receives the Student Voice update.

### Purpose

The purpose of this paper is to provide information on Student Voice to the Committee.

### Key Points

Te Kaunihera Akonga o Wairaka | Unitec Student Council have released a press release responding to the claims of institutionalized racism within the institute.

As a committee (TKA | USC) we have begun discussing the goals for the year and how we can align with best practice across the other ITP and University sectors.

Active engagement with students is occurring as students are reaching out via social networks.
