

## FINAL email 2020 EoY PEPs to be reviewed

Kia ora [DG-APM, DG-PAQC Chairs, any other writer not included in these groups]

cc [DG-HoS] [DG-TPA]

Te Korowai Kahurangi and Te Puna Ako staff are reviewing a small sample of 2020 EoY PEPs as shown in Table 1 to self-assess the:

- overall quality of PEP reports and identify any system improvements
- quality of individual PEP reports to:
  - make formative recommendations to the PAQC Chair and PEP report writers for improvement (the original submission will be taken as final)
  - make a recommendation for resubmission to the PAQC (if warranted)

Note: Resubmission will only be required if the PEP review identifies a change to two or more EPI ratings or there is defensible and substantial difference of the PAQC self-assessment rating.

The sample was determined by applying criteria developed to accommodate the EER Report findings, January SDR SCC% and EFTS and to ensure a spread of programmes across levels, Schools and PEP report writers.

Feedback for each PEP will be given directly to the report writers and a copy to the HoS.

If you have any pātai about this process please contact Eric Stone.
