THE TAKITAHĪ WEAVE

The woven representation of the Unitec Renewal Strategy is called 'Takitahi' - to weave over one strand, then under the other strand. Takitahi is a symbol that represents synergy, cohesion and strength. Each and every strand - and each of our values and goals - needs to be woven together in unity to create the weave.

Equip staff with the inspiration, tools and support to seek opportunities and deliver the best environment for staff and learners.

Engage and inspire staff so they are proud to work at Unitec and are equipped with the capability to support quality learning
