

Remote Apps allows access to the H: drive remotely, outside of the Unitec network.

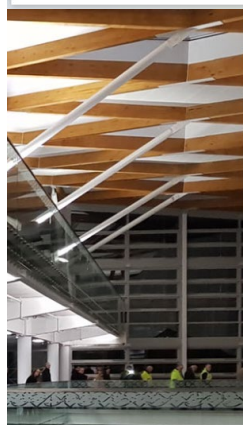

From a Browser (Mac & PC)

Open the web browser of your choice and visit <https://remoteapps.unitec.ac.nz/>

Sign in with Unitec email address and password.

The following window will appear. Click on the H: drive icon.

Click on *Don't ask me again for connections to this computer* and then *Allow*

Enter your Unitec password at the following window

The H: drive will appear in an Explorer window.

Access from the Desktop App

Use this option for better performance. *Note: The PC client allows users to connect to local drives; however, the Mac client and web browser version do not have this functionality.
