THE TAKITAHİ WEAVE

The woven representation of the Unitec Renewal Strategy is called 'Takitahi' - to weave over one strand, then under the other strand. Takitahi is a symbol that represents synergy, cohesion and strength. Each and every strand - and each of our values and goals - needs to be woven together in unity to create the weave.

Ensure financial sustainability with an operating surplus for future growth. Expand the School of Trades and Services through market-driven strategies and strong partnerships with businesses and community organisations.
