

Tūapapa Rangahau Takitahi 2025

Our strategic priorities and values

THE TAKITAHİ WEAVE

The woven representation of the Unitec Renewal Strategy is called 'Takitahi' - to weave over one strand, then under the other strand. Takitahi is a symbol that represents synergy, cohesion and strength. Each and every strand - and each of our values and goals - needs to be woven together in unity to create the weave.

Develop kaimahi toward a position of strength for a future TEC research funding framework. Support the development of new 90 credit plus postgraduate programmes. Maintain capability for winning and maintaining an externally funded research ecology of the future.
